Dear Mr. Rosenbaum,

The Environmental Protection Agency's Significant New Alternatives Policy (SNAP) program has composed a list of vendors who offer and use alternative chemicals for CFC-113 and Methyl Chloroform. This letter is to certify that the SWR Corporation is a manufacturer of aqueous cleaners and as such has been placed on our vendors list as a provider of alternatives for the precision cleaning, electronics cleaning, and metals cleaning end-uses within the solvent sector.

Sincerely yours,

A handwritten signature in black ink, appearing to read "W. Monroe".
